California

Thurs. P.M. 3 Sept

Dearest Ones - forgot this is
Labor day weekend, but you
may get this either Sat. or Tues.
Coop has gone fishing about
120 miles S.W. & will work
on Labor Day - as there are
paved roads in 2 directions
for any distance: no. or S.W.
on holidays people get out
for fishing or hunting. Had
a severe electric storm of
 $\frac{1}{2}$ hr. on Tues. which left
snow (the 1st of the season) on
the 4500 ft level. But our
wea. is grand - much better
than the heat the midwest
is having. Aug. here has been
the second rainiest on record!
Hope we don't have the most
snow this winter now! Love
Dad & Coop
